SONG OF THE DAY – 20 MAY

EPISODE 4 : THE INTERNATIONALISTS

If you watched last night's episode you will have seen the talent, creativity, passion and drive needed to take your music to the International stage. Lorde, Savage, The Naked and Famous, Brooke Fraser, OMC, Split Enz and Crowded House have all proven to the world that NZ artists can gain a Number 1 hit and have audiences of millions knowing every word to a song.

Few NZ'ers know the full scope of how much music is exported from our shores.

Here is a wordfind of bands and artists that are performing overseas shows **during this month**. It is a huge list, and therefore a huge wordfind!!

CIRCLE five to ten artists (especially if you have heard of them or heard their music) then see if you can **SEARCH** them out.
